OBITUARY

William D. Campbell, eldest son of Mr. and Mrs. George Campbell, was born near Kelso, September 12, 1896, and passed away at the Council Grove Hospital October 30, 1950, after a brief illness, at the age of 54 years, one month and 18 days.

He had lived in the Kelso community all of his life and was a successful farmer.

He joined the army in September, 1918, and was in training for several months. He was a member of the American Legion.

William was of good moral character, a good neighbor and well liked and respected by all who knew him.

One brother, Robert M. Campbell of the home survives.

READ THE WANT ADS

Hi Neighbors! Once again our copy is datelined PIONEERTOWN. JEAN, our Missouri Bride and Yours Truly are up here in the high desert this week making a couple of TV Westerns with that bright new Western Star, JOCK O' MAHONEY., We sort of feel a bit of paternal pride in JOCK because we were one of the first Hollywood reporters to wave his flag on high and name him as a rising star. JOCK is really on the busy side now. He has 26 of these TV Westerns . . (you'll soon see them on CBS-TV stations coast-to-coast) . . . to make, he has just signed to do a series of 6 full length features and the Aussies want him to come back down-under to star in two more pics to follow up the very great "Kangaroo Kid" he made there last year. This boy is on his way and it couldn't happen to a nicer guy. By the way, young DICK JONES, who is teamed with JOCK in this series, is another one to watch. . ..he's good!

We visited with PAT BUTTRAM last Sunday. He's still bedded at the Ince Memorial Hospital in 29 Palms, but is well on his way to a complete recovery. He asked us to say, and we quote, "Please say thanks to the hundreds of folks all over the country who have written to me. I may not be able to answer them all, but tell them their cards and letters had a lot to do with my recovery and I won't forget them. . . ever."

STORK MAD: AL WYATT, Hollywood stuntman par excellant, is turning handsprings all over the desert this week just to prove that he's a Happy Pappy. His lovely wife presented him with a brand new baby last week and the cigars were very good!

COWBOY and INDIANS: A group of Arizona Indians have found out, the hard way, that making movies is not the soft touch so many believe it to be. After a day of trying to keep up with rough-riding RANDOLPH SCOTT in the making of Columbia's "Santa Fe," the redmen held a council meeting and gave RANDY an Indian name. They dubbed him, "Im-Hod-Quak-Quatl — O-Hod-Quak-Tlat!" Believe it or not, that translates to : "Chief-He-Can-Take It — And-He-Can-Keep-It!"

If you think Abbott and Costello's "Who's On First" routine is mixed up, get WILD TEX BUTLER to tell you where his home town of TURKEY, Texas, is located! It shouldn't happen to Rand-McNally!

Just in case you care, the real name of TONY DEXTER, the new Valentino, is Walter Reinhold Alfred Frederick Fleischman.

Hollywood Leg Man: HOWARD DUFF, new film tough guy, fell up the stairs of his hilltop house the other nite and broke a leg, while BURT LANCASTER, he-man hero, has suffered so many leg injuries in the making of "Jim Thorpe-All American" that Warner's have insured his "gams" for a million dollars!

If you are the owner of a real "Dead End Kid" house cat, Paramount may want to talk to you. They are looking for a rough and tough, strictly "he" cat to play "Rhubarb" in their upcoming pic of the same name. Maybe Tom can earn his fish and chips if you put him. . . IN THE MOVIES!

Many Thanks!

My sincere thanks for the vote of confidence given me in Tuesday's election. It is a privilege to serve the fine people of Morris County.

Lillies Are Tough and Like To Winter in the Garden

Lilies are far from being delicate plants. If you fail with them it is more likely you were too fussy, than that you neglected them. Many failures result from planting hardy bulbs in the spring, rather than in the fall. Bulbs sold in the spring have passed the winter in cold storage, where they lose vigor, and are less resistant to disease than if they spent the winter planted in the garden.

Cold weather is no hardship to a hardy lily, but cold storage is an unnatural experience. And the only lilies which like standing in water are water lilies. Poor drainage, which allows the soil to remain wet for long periods, is likely to be fatal to the other kind. The proper soil is highly porous, allowing water to drain away, and air to enter. If you have sandy soil, or deep woods soil, rich in leaf mould, lilies should thrive in your garden especially if you can plant them on a southern slope.

Charts indicating that lily bulbs should be planted 6 to 10 inches deep are now being challenged, since bulb growers on the Pacific coast have found that excellent results can be obtained by relatively shallow planting. Lilium candidum and its hybrids should barely be covered with soil, they say, and larger bulbs should be planted with the depth of soil above them equal to the diameter of the bulb.

Another old-time rule which they challenge is that only bone meal should be used to fertilize lilies.

Regal, or Royal Lily, One of the Best.

They use ordinary commercial plant food in liberal amounts, and find it causes no injury. In preparing a bed for lilies, spade under a complete balanced plant food at the rate of 4 pounds to 100 square feet. In planting bulbs singly, mix a teaspoonful of plant food with soil at the bottom of the hole, and cover it with an inch of fresh soil on which to set the bulb.

While sand in the soil is beneficial to lilies, a mere thin layer, or cushion of sand below the bulb is of negligible value. It should be well mixed all through the soil, to give the porosity which is desired.

Housework Easy Without Nagging Backache

As we get older, stress and strain, overexertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
